

**Super Six Motorsports** Orders: 478-256-7766  
 Rotating Assemblies, Forged Pistons, Connecting Rods, Billet Flywheels/Balancers

**Long Rod 4.3 Stroker Kit Rotating Assembly**  
 SuperCoupe / 82-04 3.8 / 3.9 / 96-up 4.2 V6

**Long Rod 4.3 Stroker:** New 3.74" stroke crankshaft, SCAT forged H-beam rods, ARP bolts, Wiseco forged pistons, rings, pins, lox: **\$1950**. Our long-rod approach is superior, clearancing of the crank & block is not required, long rod improves performance.

**Options:** King main/rod bearings: **\$150**, anti-friction coating: **\$150**, balancing: **\$250**, micro-polished journals: **\$50**

**Race-prepped crankshaft** (shown): Magnafluxed, deburred, counterweights aero contoured & radiused to reduce power-robbing windage, completely polished, aerospace-quality shot peened for improved strength & durability: **\$900 Best crank available!**

**Forged Rod & Forged Piston Kits**  
 SuperCoupe / 82-04 3.8 / 3.9 / 96-up 4.2 V6

**Long Rod 4.3 Stroker:** SCAT stroker H-beam rods, ARP rod bolts, Wiseco forged pistons, rings, pins, and lox: **\$1600**

**Long Rod 3.8:** SCAT stroker forged H-beam rods, ARP rod bolts, Wiseco forged pistons, rings, pins, and lox: **\$1600**

**Hi-Po 3.8:** Eagle forged I-beam rods, ARP rod bolts, Wiseco forged pistons, rings, pins, and lox: **\$1350** (8.8:1 compression ratio only)

**Billet Aluminum Rods**

The **ULTIMATE** high strength and light weight rod for all-out high performance engines up to 800 horsepower. Includes ARP hardware. Light! Only 469 grams! **\$1700**

**Custom pistons required, call to order.**

**Not recommended for daily drivers!**

**Our forged piston kits** are made to our specs by Wiseco. Our forged pistons include stronger and thicker stronger crowns and skirts, generous ring lands. Most include off-set pins for reduced wear and quieter operation. Fits all 3.8s, 3.9s, 4.2s, "Long Rod" 4.3 strokers, SuperCoupes.

**\$875** per set. Includes pins and locks. 3.830 or 3.860 bore sizes. Compression ratios: dished or flat top (shown), 8.8:1, 9.5:1, 10:1, 10.5:1 and 11:1

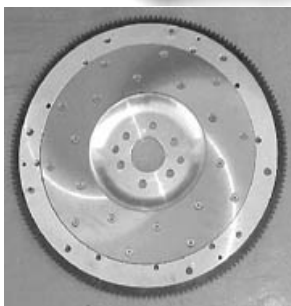

**Options:**

Piston-matched high performance plasma-moly ring sets: **\$95**

Anti-friction skirt coating (shown): **\$175**

Radial gas ports (shown): **\$175**

**4.0 OHV applications too!**

**Billet Steel Harmonic Balancer** (neutral/internal only)  
 01-04 3.8's, 3.9's, 4.2's, 4.3 strokers, 89-95 SuperCoupes!  
 SFI approved for you serious performance. **\$450**

**Lite Weight Billet Aluminum Flywheel**  
 94-04 3.8's, 3.9's, 4.2's, 4.3 strokers, 89-95 SuperCoupes  
 Quicker acceleration? Replace the heavy 31 pound cast iron flywheel with this lite weight 13 pound billet aluminum flywheel. Replaceable ring gear and friction plate, its an aluminum flywheel that never wears out! SFI approved for serious performance. Neutral/internal balance only. **\$450**
