Carbureted Products Ford 3.8, 4.2, and 4.3 stroker V6 Engine Applications

Our new carbureted products for Ford 3.8, 4.2, or 4.3 stroker V6 applications make carburetor conversions for fuel injected applications a breeze and opens a whole new world for V6 swap applications in Fox chassis Mustangs, Rangers, and off-road racing.

Single port cylinder heads

82-87 cylinder heads with 11/32" valvetrain. Works with any 3.8, 4.2, or 4.3 stroker application from 82-04 Mustang, T-Bird, F-150, off-road racing, V6 swaps, etc.

Stage 2+: Fully ported cylinder heads, bronze valve guides, 1.83/1.50 stainless steel valves, 3-angle valve job, new valve seals, CompCams .52 lift valve springs: **\$1550** 215 CFM intake/165 CFM exhaust.

Stage 3 SuperHeads: Stage 2+ plus adds welded thermactor ports, high polished chambers and exhaust ports, 1.88/1.55 stainless steel valves, CompCams .52 lift valve springs, retainers, and locks: **\$1850*** 228 CFM intake/189 CFM exhaust. .83 exhaust/intake flow ratio!

Cores must be supplied by customer

Single port intake manifolds

We use a variety of 82-87 carbureted or TBI intakes. After extensive time on the milling machine, the TIG welder, and the porting bench, the result is free-flowing single plane intake manifold. A billet aluminum carburetor adapter plate and 1" phenolic spacer is included for either 2-barrel or 4-barrel square-flange carburetor applications. This manifold must be used with 82-87 carbureted single port cylinder heads. **\$800**

Core must be supplied by customer

HEI distributor

Our new HEI distributor offers state-of-the-art engineering and design. HEI distributors offer the best of technology and simplicity, utilizing an internal pre-programmed ignition curve, internal high capacity coil, and ease of installation with single-wire hook-up and tach output. Designed to fit all 88-04 hydraulic roller cam timing cover applications. Available in blue, red, or black cap. **\$425**

Optional rev limiter: **\$295**
9mm plug wire set: **\$95** Available in blue, red, or black

Chrome valve covers, breathers, and gasket kit: \$295

CompCams custom billet hydraulic roller cams ground specifically for our carbureted applications: **\$395**

Duration	Lift	Rockers	LSA	Applications
218/224	.51/.51	1.7	108	5-speeds, high stall
224/230	.51/.51	1.7	110	10:1 3.8, 4.3 stroker
230/236	.51/.51	1.7	112	11:1 4.2 strokers
